Choose Barzzo, where a country of draftsmanship and innovation elevates your bar to new heights.

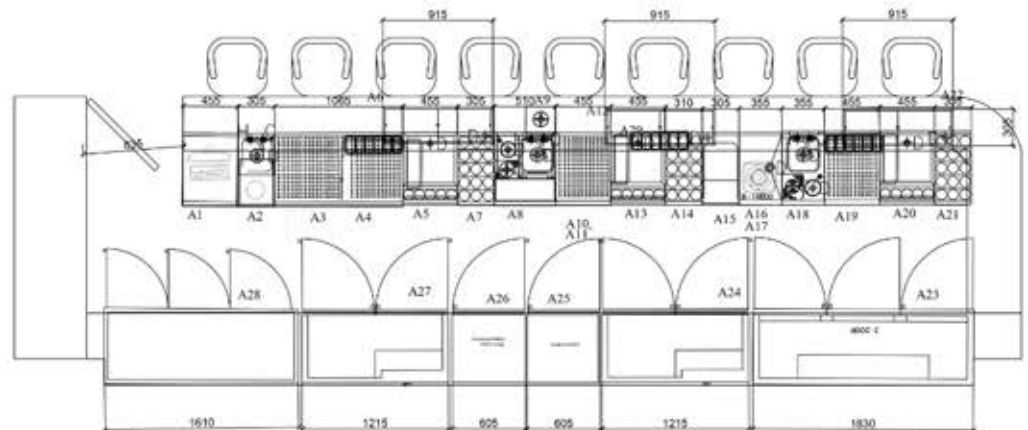

Choose Barzzo for a partner who shares your commitment to excellence. With a century of draftsmanship, innovative solutions, and a dedicated to quality, we lead the industry in creating exceptional bar experiences. Join the Barzzo family and elevate your bar to new heights.

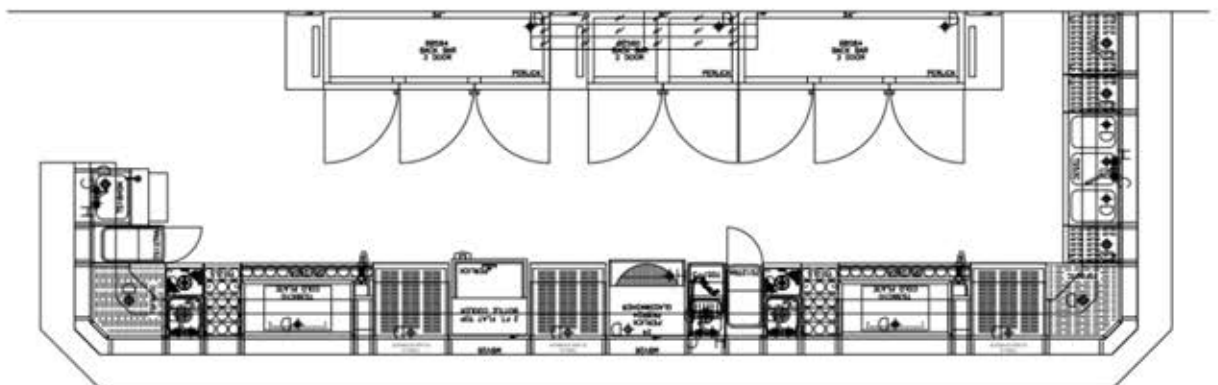

STRAIGHT BAR

clean, uncluttered look and facilitates easy interaction between bartenders and patrons, with service available along its length.

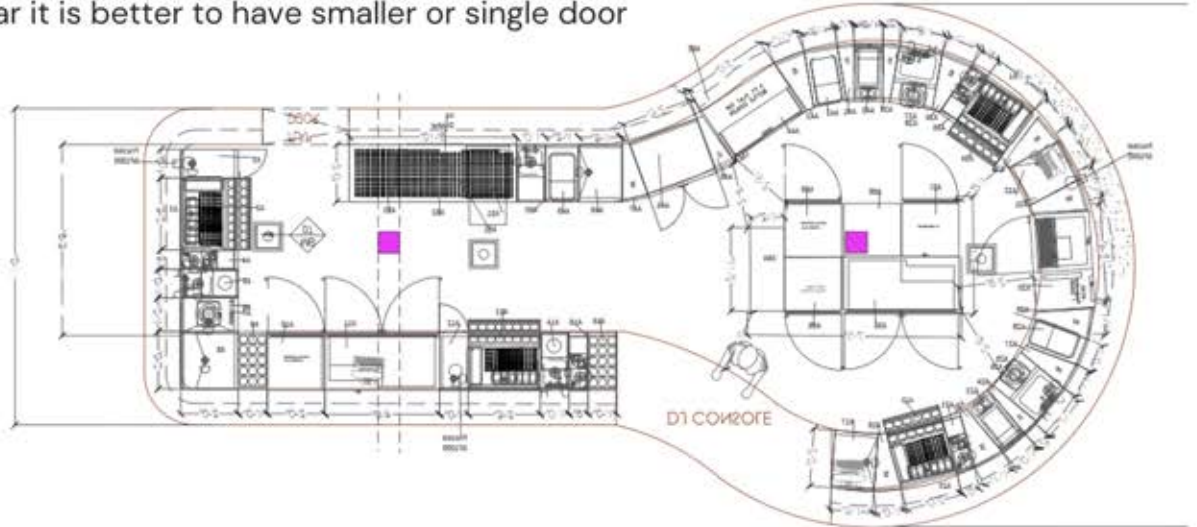

L SHAPE BAR

L SHAPE BAR An L-shaped bar design maximizes space utilization and enhances customer interaction, providing an efficient and visually appealing layout. It offers increased seating capacity, dedicated work zones, and ample storage, creating a smooth workflow for bartenders. This versatile and ergonomic design adapts to various venues, ensuring an inviting and functional bar environment. Elevate your bar's efficiency and ambiance with the smart and stylish L-shaped layout.

ISLAND BAR / ROUND BAR

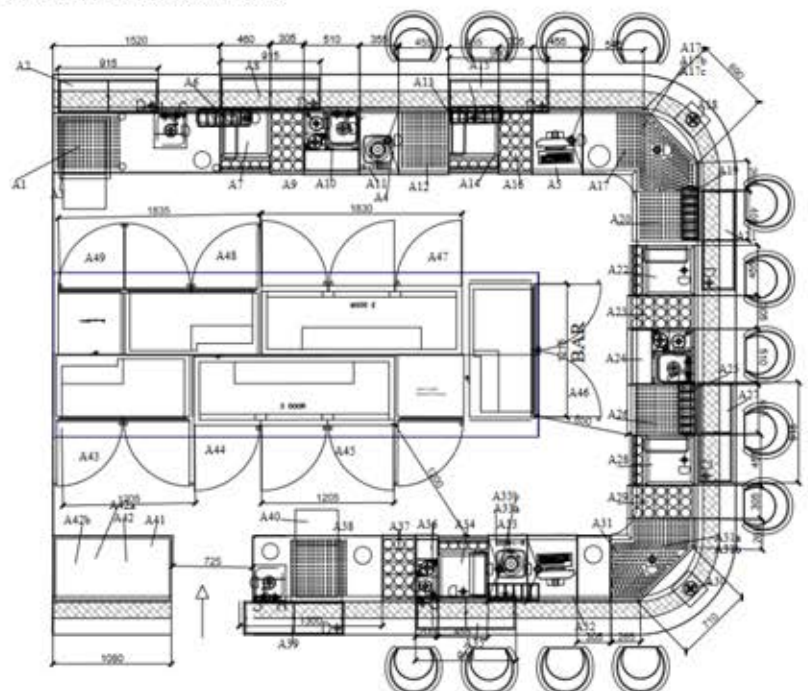

Island bar designed to serve guests and customer from all sides. It can be square, rectangle, round or oval. to design this bar, we always plan to place cocktail stations on all sides so that maximum guests can be served quickly. Back bar refrigeration ideally places in Centre so that all bartenders has easy approach. island bar are normally designed to cater large number of pax and we always try to give maximum storage of liquor bottles, glass storages, speed rails. It is very important to use every inch in round bar as we lose plenty vertical storages space to fillers to make a curved. In round bar it is better to have smaller or single door refrigerations.

U-SHAPED BAR/ CURVED BAR

A U-shaped bar layout is a design where the bar forms a U, with straight edges and is connected to a back wall. This layout

efficiently encloses a space, creating a central serving area that allows bartenders to serve customers on three sides, enhancing interaction and service.

At **BARZZO**, our commitment to quality, innovation, and design sets us apart. We understand that the perfect bar experience requires precision, creativity, and aesthetics. Our journey is marked by excellence, and it reflects in every product we offer.

BARZZO
ELEVATE EVERY POUR

PRE CONFIGURED COCKTAIL STATION

One of the most selling product.

BARZZO
ELEVATE EVERY POUR

Indulge in the art of mixology and savor the perfect blend of flavors.

1 A pre-configured cocktail station is a meticulously designed and expertly assembled setup that allows hospitality professionals to craft exceptional drinks with ease and precision.

2 This comprehensive solution typically includes a combination of essential equipment, such as premium Cocktail Station, Prep Utility Unit, and Blender Station with Sink, strategically arranged to facilitate seamless cocktail creation.

3 By providing a streamlined and organized workspace, pre-configured cocktail stations enable bartenders to focus on what truly matters – crafting memorable drinking experiences for their patrons.

4 Whether in a high-volume nightclub or an upscale lounge, these stations serve as the epitome of efficiency, elevating the art of mixology to new heights.

BARZZO
ELEVATE EVERY SPACE

WASTE BIN

- Waste Bin is one of the most important equipment of the Underbar.
- A few seconds saved makes a lot of differences.
- We have 3 types of waste bin
 - 1.Sliding Top
 - 2.Flip Flop
 - 3.Top Cut Out
- The garbage can is conveniently moved with the wheels at the bottom.

SINK UTILITY CABINET

- We know the art of maximum utilization of resources and space.
- Our product, Sink Utility Cabinet, is an example of this concept.
- This sink comes with storage space underneath the sink to keep all the washing chemicals.
- The sink has a mixer tap with two pipes attached at the back.
- The drain pipe discards all the waste at the back.

BARZZO
BARWARE EQUIPMENT

DRY STORAGE

- Dry Storage Cabinet with perforated shelf and drainboard top.
- Cabinet is used for storing glasses but can also be used to store all the dry amenities used and required bar.

BARZZO
BARWARE EQUIPMENT

- Prep Utility Unit comes with pressomatic faucet tap for quick clean of bartender tools along with chopping board and rinser spray arms in middle to quickly rinse glasses.
- Unit has optional bottle opener and cap catcher to be fixed in front.

COCKTAIL STATION

One Step Closer to Cocktail Perfection.

Immerse yourself in the world of luxury mixology at this enchanting cocktail station. Every sip is a journey to elegance and refinement. Cheers to the finer tastes in life!

BARZZO
ELEVATE EVERY POUR

GLASSWASHING STATION

01

LANDING AREA

This is the area where all the dirty glasses will be collected.

02

DUMP SINK

All the liquids, garnishes & straws from the dirty glasses will go into the strainer of the dump sink.

03

WASTE BIN

All the waste from the dump sink will be collected in the waste bin.

04

GLASS WASHER

Now the glasses are ready for washing.

STEP RAIL

- A step rail is provided with ample space to keep all the frequently used bottles.
- The step rail is designed to make the required bottles easy to find and reach.
- The rails are aligned so that keeping the bottles back is not a task for the already occupied mixologist.
- Almost 15 bottles can be placed on the entire 12" rail.
- 3 different sizes (a) 12" (b) 18" (c) 24"

BARZZO
ELEVATE EVERY POUR

LIGHTED LIQUOR DISPLAY

- 24" inch 2 tier Back Bar Merchandiser liquor display.
- Show off all your expensive liquor with a perfect product specially crafted to display.
- Our liquor display has two tiers to place your bottles.
- Bar owners can display their collection of liquor and spirit bottles on our stainless steel liquor racks.
- These liquor bottle racks are built to last.

BACKBAR REFRIGERATION

Chill with Precision. Serve with Perfection

- A back bar refrigerator is a specialized type of commercial refrigeration unit that is designed to be installed behind a bar or serving area. These compact, self-contained fridges are typically installed against the wall or built into the back bar area, providing easy access to chilled beverages, mixers, and other perishable items needed for serving customers.
- These units are outfitted with glass doors to allow visibility of the beverages, and often feature interior lighting to illuminate the shelves and make products easily identifiable.

BEER KEGERATOR

FRESHNESS ON TAP, ANYTIME

A beer kegerator is a specialized refrigerator designed to store and dispense draft beer directly from a keg. These versatile appliances provide a convenient way to enjoy fresh, chilled beer at home or in a commercial setting, replicating the experience of getting a draft pour at a bar or brewery.

FLASH CHILLER

INSTANTLY CHILLS BEER WITH PERFECTION

A flash chiller beer system is a specialized piece of equipment used in the beer brewing and serving industry to rapidly chill beer to the optimal serving temperature. Unlike traditional refrigeration methods that gradually cool the beer over time, a flash chiller uses a unique design and pressurized cooling process to instantaneously drop the temperature of the beer as it flows from the keg or tank.

OUR PROJECTS

BARZZO
ELEVATE EVERY POUR

HOUSE OF NOMAD, TAJ VILLAGE – GOA

The Project required lot of Cocktails to be served in outlet with draught beer system. Challenge was to use given space optimally to incorporate coffee station, glass washing station, ice cube machine, draught beer system, enough storage of ice and storing almost 600 Beer bottles along with other liquors.

Challenge well accepted by **BARZZO** designers and well appreciated by Taj Group.

RESTAURANT & BAR, HOSA - GOA

The restaurant seats 100 people, including 25 in the Patio. A beautiful Art Room functions as a gallery during the day and becomes a private dining area in the evening with a pre-function area replete with its own bar counter. In Phase 2 extensive outdoor seating shall line up the promenade set on the banks of the Chapora river.

BARZZO has designed, manufactured & installed the entire Under Bar, Back Bar equipment, Wine Dispensing machine, Cocktail Dispensing, Beer Dispensing & Coffee Cabinet.

DELAN BAR – NOIDA

An ambition to revolutionize the Fine-Classic Drinks & Dine culture and serve premium experience to the residents of Noida, De'Lan came into existence.

The Persian name 'Delan' means, "a person who owns the heart".

BARZZO has designed, manufactured & installed the entire Under Bar & Back Bar equipment of Delan Bar.

SENATE BAR, THE CLARIDGES – NEW DELHI

- Bringing independent India's first 5-star hotel in 1955, The Claridges, New Delhi invites the discerning traveler to experience the perfect blend of old-world elegance and contemporary luxury.
- The Claridges is a historical landmark offering embraced by classic architecture.
- Senate Bar is one of the finest place to relax and have a beverage drink. Let it be before meeting or a pre dinner drink in the evening.

Cafe 1947, Manali

- Cafe 1947 welcomes you to the surreal Himalayas. The name of the cafe symbolizes freedom, as India got independence in 1947. We believe food and music are the gateways to the road of enlightening ourselves. Music nights are also routine. Live music is performed by professional musicians along the river. There are also live jam sessions from time to time with visitors from around the world joining in.

ALILA DIWA – GOA

- On a sun-bed while enjoying an extensive beverage selection of craft and tropical-inspired cocktails, Old and New World wines, an array of local Gins and more.
- **BARZZO** was responsible for the Beer dispensing system.
- We provided 4 way Kegerator with flash chiller to dispense the beer with beautiful Cobra Tower.

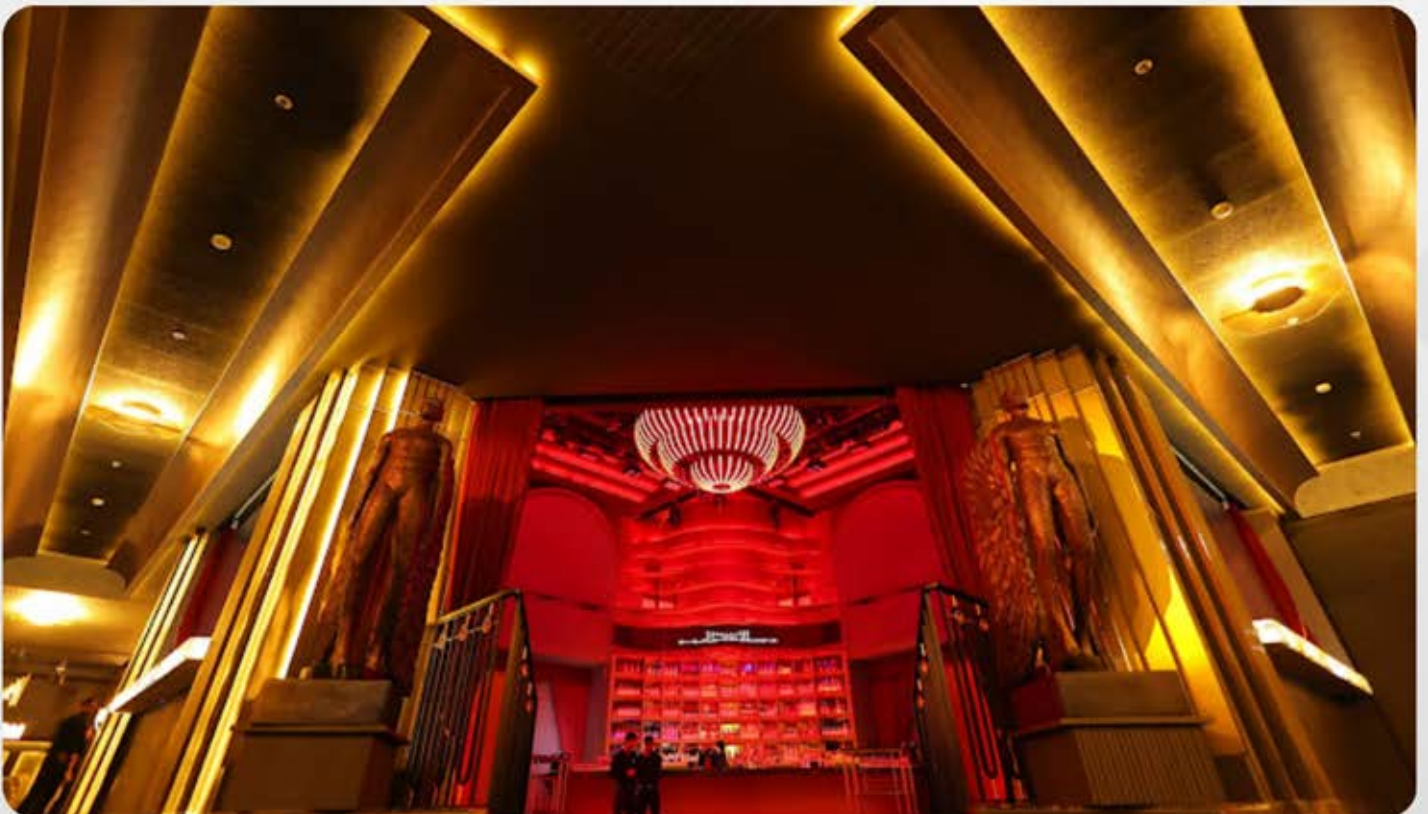

SEVEN RIVERS, TAJ HOLIDAY VILLAGE – GOA

- This first-of-its-kind brewpub with an on-site microbrewery is located at Taj Holiday Village Resort & Spa, Goa.
- The Seven Rivers brewpub is a testament to the growing consumer demand for artisanal beers, and we are confident that beer as a category is poised for growth in India.
- **BARZZO** has designed, manufactured & installed the entire Under Bar, Back Bar equipment, Wine Dispensing machine & Coffee Cabinet.

Mansion, Agra, UP

- While looking for entertainment activities at night, you may want to look up Night Clubs. Mansion – Tapas & Club in Gwalior Road, Agra is quite a known choice among others in this area. So, if you're a night owl and wish to party during the wee hours, come and check out this place!

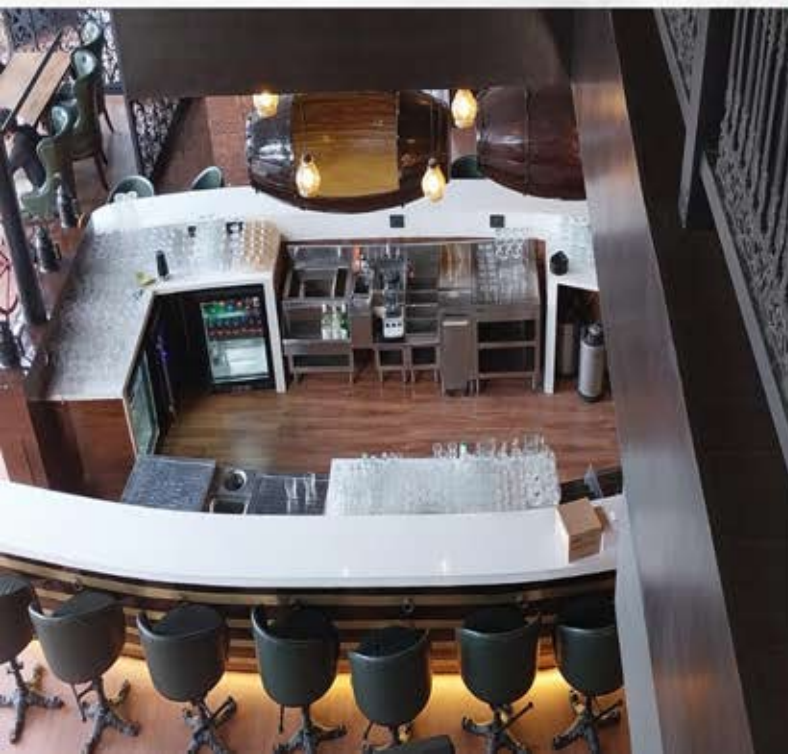

JW MARRIOTT – GOA

- Dine atop the hotel at ÁGUA, with hearty Italian fare and exotic cocktails.
- Dine at our Goa restaurant, Heliconia and experience a luxurious ambiance and a cocktail bar set amidst lush greens.
- **Barzzo** designed customized Golden 8 Faucet Beer Tower .

AURA BAR, THE CLARIDGES – NEW DELHI

- **AURA** is a cornucopia of culture, design, high-quality cocktails, and sensational hor's d'oeuvres.
- The drinks are the crux of Aura, serving drinks for every mood from fruity & floral, sublime & elegant to wood & oak, rare & vintage, and light & delicate, there is something for everyone.
- **BARZZO** has designed, manufactured & installed the entire Under Bar, Back Bar equipment, Draft Beer Dispensing system & Coffee Cabinet.

THE ADMIRAL – LUCKNOW

- The Admiral Bar is an nautical-themed food joint and pub, that is offering a cruise-like experience.
- Keeping the snazzy ship-like decor aside, the Admiral will also bring a multitude of fusion food varieties and cocktails to make you go gaga.
- Finally talking about the 'drink like a sailor' deal, the place will feature a huge boat-like bar area with the addition of barrel-shaped liquor shelves, all stacked up with notable international and domestic labels, so better be ready to be bamboozled!
- **BARZZO** has planned the entire concept.

Taj Deccan, Hyderabad

- Nestled in the elite enclave of Banjara Hills, is Taj Deccan, Hyderabad, one of the finest luxury hotels in Hyderabad. Spread over six acres of manicured gardens, with the perfect blend of sophistication and elegance, it offers a haven of tranquility in the heart of the city.

Fire back, Goa

- Fireback is an exciting new Thai restaurant and bar from EHV International. Hidden behind an old Portuguese bungalow, Fireback serves authentic Thai food at a picturesque riverside setting in Siolim, Goa. The name is inspired by the Thai national bird, the Siamese Fireback, and also speaks to the fire-grilled cooking behind many of the restaurant's dishes.

Caravela Beach Resort (Atrium Bar, Pool Bar, Boat Bar), Goa

- Caravela, surrounded by lush gardens and unique birdlife, features landscape and pools by Belt Collins Singapore. Most rooms connect to the lobby via

air-conditioned corridors, each with a balcony. With four restaurants and bars, plus daily activities, it offers personalized service for an unforgettable Goan getaway.

Kitchen Sutra, West Bengal

- Restaurants in Hooghly provide various cuisines with an aesthetic seating arrangement and the best services. Restaurants act as great places for many situations. From team meetings to family dinners, it can help serve a wide range of audiences.
- Many restaurants are aware of their customer preferences, hence, you can find a wide variety of vegetarian, non-vegetarian, vegan and gluten free options.
- If you are looking for a perfect place to have a date, family dinner or simply wish to hang out with your friends, we highly suggest you visit Kitchen Sutra.
